Police in Beaverton are asking for the motoring publics assistance in locating a Beaverton area resident who may need immediate medical attention because of a probable low blood sugar count as a result of being a diabetic.

50 year old Dan Harold LEVIN is in a 1987 White over Maroon Mercedes 560 2 door convertible with Oregon License C/U 00993. The car is either pulled to the side of the road or in a parking lot.

Mrs. Levin made phone contact with him via a cell phone at about 8:00P but he was unable to give his location. Mrs. Levin could hear the family dog in the background and could hear her husband moving around. He had left the Beaverton home to look at real estate and is probably in Beaverton or southwest Portland.

Anyone who spots the car is urged to contact 9-1-1 immediately.
